The Secret Teachings Of The Vedas: The Eastern Answers To The Mysteries Of Life Volume One

Synopsis

The Secret Teachings of the Vedas provides one of the best reviews of ancient Eastern philosophy and summarizes some of the most elevated and important of all spiritual knowledge. This timeless and enlightening information is explained in a clear and concise way and is essential for all who want to increase their spiritual understanding and awareness. This is a book that can give you a new perspective of who you are and where you fit into the scheme of things. The Updated and current version of this book is now available on .com at:

[.com/Secret-Teachings-Vedas-Eastern-Mysteries/dp/1466267704/ref=sr_1_2?s=books&ie=UTF8&qid=1323809811&sr=1-2](https://www.amazon.com/Secret-Teachings-Vedas-Eastern-Mysteries/dp/1466267704/ref=sr_1_2?s=books&ie=UTF8&qid=1323809811&sr=1-2) Is This Book For You? Yes, if you want to understand: the science of the soul and the eternal characteristics of your real spiritual identity; the scientific evidence that indicates consciousness is separate from, but interacts with, the body; how to attain the highest happiness and freedom from the cause of suffering; the real unity between us all which is beyond bodily identification; reincarnation and how to determine what your next life will be by the actions you perform and the consciousness you develop; reincarnation found in Christianity; life after death--heaven, hell, or beyond; the law of karma and how you accumulate good or bad karma that will affect your future; how residents of a country collectively create national karma; what is the spiritual realm as described in the Vedic texts; the nature of the Absolute Truth--personal God or impersonal force; how to recognize the existence of the Supreme; why we exist at all; and much more. There is also an explanation of what the Vedas are, how they were compiled, and how they have influenced Western culture for many years. This book supplies the straightforward answers to questions that are not resolved in other religions or philosophies, and condenses information from a wide variety of sources that would take a person years to assemble. It also uses many quotations from numerous Vedic texts that will show you the lofty insight and wisdom they have held for thousands of years.

Customer Reviews

Stephen Knapp has studied the major Vedic texts of India and practiced yoga and the Eastern teachings for over forty years. He has traveled extensively throughout India and has taken over 17,000 photos of the numerous holy places he has visited. He has authored over twenty well-received books on Vedic culture and its spiritual philosophy. He has also lectured at many of India's most noteworthy colleges and universities, and many places in the United States as well. He continues to write books, articles, and give lectures at various venues. More information can be found at stephen-knapp.com or stephenknapp.wordpress.com.

I enjoyed this book about the Vedas. There is a lot of good information and plenty of quotes to back up the points that the author is making. I felt that the point does get across overall. There are, however, a few forays into what the author interprets the Vedas to mean. For the most part, this doesn't detract from the message. In fact, I appreciated some of the more modern interpretations. I just felt that maybe somebody else wouldn't take the interpretation quite as well as I did. It's a good book and a good introduction to the Vedic literature.

The worst book I have ever read on Vedic philosophy. The answers it gives are fundamentalist, very shallow and simplistic. For instance, why do we exist? The answer given in the book is: Because There is a lord, Krishna, if there were no one else in this world, there wouldn't be any meaning because there would be no human to overlord. Really? And this is just one example. The book is full of nonsense like this. I know the rich Vedic philosophy has much more meaningful answers than those. Maybe the author should take a look at the writings of Shankara (I know he doesn't like Shankara because, you know, fundamentalism) or Yoga Vasistha. Waste of money.

This author, Stephen Knapp also offers other books (in English). Understandable, clear and stays on topic. I recommend all 3 in this series !

an ancient teachings, in how we suppose to live our lives here on earth. good information for those seeking true knowledge.

I could not put the book down although some terminology was difficult. Makes you think about the realms beyond our planet!!!

This book oozes truth. Knapp is absolutely fantastic, if somewhat detailed. It's one of those books that takes a long time to read - you just have to chew on it bit by bit. If you are searching for meaning and the answers to the deepest questions, begin here. If you've "decided" on your spiritual views, you should still read this amazing book. It will change you for the better, no matter what your beliefs.

Amazing

This is a great book for those who want to know more about Eastern religions and how they view God. I found it extremely informative. Would recommend it to anyone with an open mind and a search for their own God.
