Tales Of The Dolly Llama: OneTeacher's Long Journey To A Kind Of Enlightenment, On Which He Encounters The Dowager Empress,The Better Baby Institute, The Prussian Army And More

Synopsis

One teacher's long journey to a kind of enlightenment. "This is the best piece I've read on teaching in years. Not only does Guy nail issue after issue with laser-like precision, but he manages to afflict the comfortable and comfort the afflicted with humor and brief anecdotes, avoiding both the puffed-up academic pose and the grim earnestness of the wounded and the self-righteous. I really love it." Bill Ayers, Distinguished Professor of Education and author of "To Teach, The Journey of a Teacher", "Teaching Toward Freedom", and "Fugitive Days".

Customer Reviews

We've taught for over 50 years between us, and Guy completely nails it on the head. One of the few books about education that tells the truth, and tells it completely entertainingly. Guy is a bright, thoughtful guy, so he delivers a good insightful analysis of schooling in America. But more importantly, to me anyway, is this book's heart. It made me laugh, it made me cry. This is a good book.

I love the daring and amazingly clever way in which he attacks, constructively criticizes, or commends each topic. The portrayal of our politics, education system, students, teachers, parents, and kids is both refreshingly realistic and excitingly optimistic. Thoughtful, relevant, caring, blunt . . . the author's voice is so strong I felt as if he was reading aloud to me.
