All the books came in good condition just don't count on the box to hold up to any wear and tear. The box is just paper and will tear very easily

This is the third set of books I have ordered in this series. My niece is an avid reader and loves all of the books in this series by Erin Hunter. She also shares her books among friends and they love the cat warrior series as well. Highly recommended if your child likes to read. ã Æ Warriors: Power of Three Box Set: Volumes 1 to 6

Absolutely the Best Feline/cat book series I ever read. I am so addicted to the cats in this series that I want to name my next 2 cats after the cats in these books. I am 52 yrs old and Love this series. I Highly Recommend to anyone who Loves Cats like I do or who just loves reading. ENJOY!!!!

I LOVE Warriors. It is by far one of the best series out there. Power of Three is probably my favorite arc- I have to reread Omen of the Stars before I decide. I bought all three of these box sets after the new covers came out, and once Omen of the Stars comes out, my shelf is going to look sick!**Some spoilers** This third arc is about Firestar's grandkids, Hollyleaf, Jayfeather & Lionblaze. They're part of a prophecy that Firestar received seasons ago, about them holding more power than StarClan themselves. There's like a lot of history that goes into these books. Basically, anything that any cat does affects everything. The last book is full of drama at the end, so be prepared for that if it's your first time reading it. Squirrelflight and Leafpool definitely aren't the best cats in ThunderClan after this arc.

I love this series! It has many twists and turns that make it very absorbing and entertaining! My son has almost all of the books on his shelf and it has encouraged him as a reader! When you reach the end you always end up wishing it would never stop! A great price for a wonderful series! Ships fast and you end up loving the new characters as soon as you go into the next book! The books were in perfect condition when we got them! We really like the idea and plot! It's so creative! We really

reccomend these books!

My son loves this series and this was a great gift for him. He had read the previous series (<http://amzn.to/2snGVL6>) and was so excited when I bought him this. This set makes a good gift for both boys and girls. I actually caught myself reading this series as he finishes them. I highly recommend this as reading material for anyone.

I love these books. I love how the author wrote each one. And gave all these amazing cats their awesome personalities. I felt like I became part of the story. From day 1, I fell in love with these book series. I can't keep the book down and I just love reading now. These books are really good. And I hope the author keeps writing more of them. She is my favorite author and these are my most favorite books in the whole world!

Buying these books for an 11-year-old girl who loves the series.
