## **Customer Reviews**

This one is good entertaining comic book. If you are feeling bore and wants some entertainment then go for this book to relax your mind. This book contains funny story with funny characters which makes you laugh. I really enjoyed reading this comic story but it is very short it is finished in just five minutes.

I don $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a}$   $\neg\tilde{A}$   $\hat{a}$ ,  $\phi$ t want to spoil nothing of the book, but is just need to say, that it has the way to narrate a simple history and it $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a}$   $\neg\tilde{A}$   $\hat{a}$ ,  $\phi$ s filled with charming comedy and fantasy. The most important thing i found reading this comic for my younger brother was that it could be a book for children and adults. This is an interesting and funny, easy to read. I gave 4 stars just because I would like a clear graphics. But I highly recommend this comic!!

This is probably the first time I am reading comics through a kindle, being a hard core super hero fan I usually go for the original comic books and I only read super hero stuff but to be honest I really liked this book. It is written very well, the plot is interesting and the comic really keeps you going till the end. After reading this I have truly become a fan of fun ny comics. I recommend this to every comic book fan out there.

I am reading all the series and they are very funny! Nice to read when you are back from school or after the dinner with your kids! Very good written without splatter and dangerous images!

nice, like it!

Funny Comics, I truly think your books are special. Not only is the book interesting, they are also written by a "skilled author". You are a gifted author. Barely any other authors are skilled like you are. All of "Funny Comics" books/comics are written in perfection. The reason they are perfect because she/he takes his/her time. That is the reason and it is true because, you can notice that the speed of the books coming out is decreasing. Another suggestion: I think your books would be more great if you added some pictures. That would be really nice. I also noticed a 1 star review earlier. Luckily, "Funny Comics" deleted it. It was definitely the right thing to do.Overall, a great book and is definitely worth the time taken to be read. Get yor copy of this book NOW!

I enjoy comics and minecraft, that's why I decided to give a try to this comic. I found it very enjoyable and I liked the story although I think the author could have had more image quality. Some

of the text was difficult to read on my kindle. On the other hand I enjoyed the story and as I like Minecraft and I really want this author to thrive and create more minecraft books I give 4 stars. I will read your next one!:)
