Shipping Weight: 2.4 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #1,617,777 in Books (See Top 100 in Books) #56 in [Books > Science & Math > Biological Sciences > Zoology > Amphibians](#) #120 in [Books > Science & Math > Biological Sciences > Zoology > Reptiles](#) #458 in [Books > Science & Math > Biological Sciences > Animals > Reptiles & Amphibians](#)

Customer Reviews

some of the information is a little dated but it is still worth having. there are good descriptions of all the reptiles that were known to Minnesota at the time with range maps and pictures. Good for reference and coffee table.

This book is very informative and well laid out. I recommend it to anyone wanting to know more information about reptiles and amphibians
