The Self In Psychotic Process: Its Symbolization In Schizophrenia (Jungian Classics Series)

Synopsis

C.G. Jung started as a psychiatric learning from schizophrenic patients. Among the Jungian school, only John Weir Perry has continued this line of Jung's work with such depth of understanding, clinical acumen, and the ability to write beautifully. Perry's therapy in the California Bay Area with acute episodes in young psychotic patients brought him national and international renown. The case of the young housewife diagnosed catatonic schizophrenic demonstrates the interpenetration of collective symbols and individual processes as they come to light in 'breakdown' (Part One), and extends knowledge of the psyche by elucidating symbols of the Self (Part Two). This second edition includes a new preface by Dr. Perry, as well as the original Foreword by C.G. Jung, scholarly apparatus, illustrations, and index.

Book Information

Series: Jungian Classics Series

Paperback: 184 pages

Publisher: Spring Publications; Edition Unstated edition (April 1987)

Language: English

ISBN-10: 0882145096

ISBN-13: 978-0882145099

Product Dimensions: 0.8 x 6 x 9.2 inches

Shipping Weight: 10.4 ounces

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #625,275 in Books (See Top 100 in Books) #142 in Books > Health, Fitness & Dieting > Mental Health > Schizophrenia #1130 in Books > Textbooks > Medicine & Health Sciences > Medicine > General #46813 in Books > Medical Books
