Dating Deal Breakers That Drive Men Away: 12 Relationship Killers That Ruin Your Long-Term Potential With High-Quality Men

BRUCE BRYANS

Synopsis

Discover the Most Common Dating "Red Flags" that Scare Good Men

Away Commitment-ready, relationship-minded men have a low tolerance policy for any factor that might make a woman appear "unequipped" to take on a serious relationship. Just like the goodhearted women who want nothing more than to find the right man to love and someday build a life with, relationship-minded men want desperately to avoid falling in love with someone that could make their life a living hell. Because of this, guys like this are VERY discriminating when assessing a woman's long-term relationship potential. And they won't think twice about dismissing a woman once they realize she's not really "Girlfriend Material", and thus, not worth their time and attention. Commitment-ready, relationship-minded men are less likely to waste a woman's time because their time is extremely precious to them. Because they value commitment, relationships, social and family ties very highly, they date with the intention of finding a woman they can someday build a life with.

Discover the Hidden Factors Men Use to Determine if a Woman is Worth Dating

As a man matures he becomes less trusting of a woman's physical beauty and charm. Instead, when evaluating her long-term relationship potential, he places greater attention on the quality of her personal character (or lack thereof), as well as those things that have a direct or indirect influence upon her character; such as the people, places, and things in her life. The thing is, after a woman has passed a man's physical appearance test, he will gauge her level of chemistry with him (the way she makes him feel). And once a man realizes that he has a good enough amount of chemistry with a woman, over time he will slowly evaluate various aspects of her character in order to determine if she is, in fact, a woman worth dating for long-term love and perhaps even marriage.

How to Avoid Chasing Men Away and Finally Get the Relationship You Want

Because commitment-minded men are more likely to assess a woman's relationship potential based on her character rather than her physical appearance or interpersonal chemistry alone, this short and concise book focuses on the most common deal-breaking "red flags" that stem from a woman's character (as well as those things that affect her character). This book was designed to provide women with an inside look at how men think and what men want in a woman when they're ready for a serious relationship. In it, you're going to see things from a man's point of view, as you discover the various aspects about a woman's life and behavior that might force a man to lose interest in her and disappear without a trace. Here's what you're going to learn inside:

The one area of your life that high-quality men are DEEPLY concerned about, and how they secretly use it to judge your character (or lack thereof).

How to easily maintain a DEEP emotional connection to a man by avoiding one simple relationship mistake.

(Hint: This is the one mistake many women unknowingly struggle with.) An irritating habit that causes high-quality men to stop pursuing a woman almost INSTANTLY. How to be a high-value woman in the MOST important area of a man's life and make him see you as potential Wife Material. A man-repelling female attitude that DRIVES good men away, and pushes them into the arms of lesser women. How to avoid KILLING a man's natural desire to please you by giving him the one thing ALL men desperately crave but would NEVER ask for from a woman. And much, much more... Would You Like to Know More? Get started now and discover the most common (and hardly known) relationship-killers that cause men to quickly lose interest, pull away, and disappear. Customer Reviews

I've read other books by Bruce Bryans and really like them. Instead of giving frivolous advice about how to attract any and all men he has you focus in attracting the right man and how to make yourself more attractive by being a better person rather than silly tricks that don't impress anyone. Worth your time.

This was to the point! No sugar coating and easy to understand. I like there was no playing involved. I have liked all Bruce's books. Thanks for the information it's been helpful

Reading this made me realize things I have done which have caused a man to pull away. I read this book after reading his other book on 40 ways to tell if a guy is just passing time with you. Not only did I realize that the guy I've been dealing with has been exhibiting some of those behaviors but after reading this book on relationship deal breakers, now I understand why.

Well written and easy to read, and so true!

If you are dating boys, not men, then this book is not for you. If you like to rush into relationships, or allow yourself to be rushed into relationships, then this book is not for you- you need to re-evaluate what quality is all about. However if you are meeting quality men, only to have them slowly push themselves out of your life... You might need this book in a bad way.

Who would've known, now I do. Trying to rewire myself to have a great and wonderful relationship when I get into one.

This book is great! It clearly states what us girls do, that aren't a big deal to us, and how men interpret them. Which makes it easier to understand men even more. Definitely recommended

Was pretty logical
