Language: English

ASIN: B000JCE3BQ

Best Sellers Rank: #48 in Books > Humor & Entertainment > Humor > Love, Sex & Marriage

#79 in Books > Audible Audiobooks > Humor

## Customer Reviews

Tucker Max, of "Assholes Finish First" has a hilarious, crude, and offensive lifestyle, but that's what makes Tucker...well, Tucker. The stories he tells are reminiscent of my wilder college days, but on crack and complete loss of inhibition. If you want to be in a constant fit of tears and laughter while reading a book, this book is for you. WARNING: This book is not for the sensitive prude, if you are easily offended by vivid sexual descriptions, alcohol abuse, bodily fluids, drugs and complete mismanagement of all those I listed; this book is not for you.

I read this book as a recommendation from a friend and thought it was pretty hilarious. I did find myself skimming at times to get through some of the boring stuff and find the entertaining parts of the stories. This guy is vulgar and explicit and that's exactly what I expected when picking this book up. Don't read this if you're going to get all offended over how he talks about women (he's very degrading!) or how he discusses his sexual and drunken experiences in vivid detail. I'm a woman and took it for what it was - true stories written by a guy who considers himself to be a jerk.

Disgusting, but a guilty pleasure. I read this years ago, I was disgusted and yet laughing my @ss off at the same time. Definitely not a book for the light hearted, but if you are in your early 20's or can remember your early 20's and those years were filled with partying and stupid misadventures that you reflect fondly upon or are currently in the midst of - this book might be for you. Take note ladies, this guy is a misogynist pig, the things he does to women will disgust you, but then again - there are some laugh out loud, tears running down your face moments that make the read worth it.

If your sense of humor is a bit dark and you can laugh at an alcoholic womanizing guy tell you all about his sexual escapades, then this book is for you. Tucker Max is one of the funniest authors out there then again I tend to lean towards the dark, messed up humor... you know the kind that leaves you asking your self "should I be laughing at this?" Its a really easy read because most of it is short stories that are all connected with primarily the same characters - Obviously Tucker (he's the star of his story) and a handful of his friends and the guest character is always some girl.... and he wrote every embarrassing detail. Treat yourself to a good laugh

The author is very clear on what the contents of this book is, so I don't know how anyone could claim to be offended when they read it. If you have a sense of humor and are ok with this type of descriptive writing on what is his real life experiences, then this book is hysterically, painfully real. I thoroughly enjoyed it!

This book is a great way to teach your young men what not to do when they go to college. I'm amazed that Tucker Max ever found time to earn his law degree, but I guess his ability to f\*%#@ people over without any conflict of conscious is true OJT for a lawyer. If you think of women as just holes and nothing more than a quick fix to sexual pleasure then you'll love this book. Otherwise you should probably go and read something more uplifting like the sinking of the American Culture.

This kid is a PUNK. He deserves to get his ass KICKED! I can't believe they made a movie out of this crap. When I was young I did some of the same stuff. Guess what--I was a jerk. Smartin' up kid

I have a friend that said these books were awesome. I finally bought it since he kept talking it up. Its basically a "bro" to put it nicely. Sharing stories. I don't understand how this book won my friend over. I could see it appealing for young guys in their youth who have not had a chance to make their

own life stories. But I did not enjoy this book whatsoever. I read better stories on reddit under r/askreddit.
