Make Him DESPERATE To Be Yours Forever: The 3 Step Fail-Safe Method To Landing The Man Of Your Dreams

Synopsis

Who Else Wants the Man of Her Dreams to Get Down on His Knees and BEG to Be Hers? * * * LIMITED TIME OFFER! 50% OFF! (Regular Price \$5.99) * * * You want to show him that you're everything he's been looking for. You know you're worth his attention and you know he should be begging you to notice him. You want your man - and I'm here to show you EXACTLY how to get him. Hi, I'm Eric. I'm a relationship expert, it's what I do for a living. I've spent my career analyzing relationships to work out what makes people tick. I've helped countless couples find love together and now I'm here to help YOU. Catching the man of your dreams isn't impossible - you just need to tune in to what he's thinking. Plus, I'm a man. When I tell you that I know what's going on in his head, you can trust that I do. I know what he's thinking because I think it too. The only difference between him and me is that I have the training and insight to know exactly why I'm thinking it. And I want YOU to understand why he's thinking it too. Give me ONE DAY and I'll show you exactly why he's not desperate to be your boyfriend already. Give me three and I'll tell you all you need to know to turn things around. With just the first step that we'll take together, you'll know what's stopping him from making a commitment to you. By the time you hit step three, you'll be armed and ready to show him what he's missing - so much so that he'll be scrabbling at your feet, begging you to let him into your life. This is about more than putting your goods on show. It's about letting him know you're the perfect girlfriend he's been looking for. Sound confusing? Most guys don't realize that they're being driven by two separate instincts - and most women aren't aware of it either. It's a myth that you need to show him how sexy you are or how good in bed you're going to be. The truth is that you need to show him you can fill the needs he doesn't even realize he has... In this book, we'll cover: How to banish those crazy thoughts that are holding him back The secret signs he's worth giving your heart to How to flaunt your amazing self - but always keep it classy The flirting blunders you'll want to avoid PLUS! A step-by-step gameplan that will turn his head and win his heart And a whole lot more... If you don't read this guide, you could lose your man forever. This method has been proven to work - a hundred times over! I'm going to show you EXACTLY how to get your man. He is ten times more likely to be begging to be yours if you follow this method than if you don't. All it takes is a few easy steps and he'll wonder what he ever did without you, and all for the cost of a latte. Make him notice you in less than a week... or your money back! If you follow the steps in this guide and he still isn't noticing you, simply click one button within 7 days and will return 100% of your money back. That's how confident I am that I have the answer to your problem - because I know that by the time you finish reading this book he WILL be groveling at your feet. Just scroll up now and click the BUY NOW button to make him DESPERATE to be yours, today!

Customer Reviews

The title surprised me, but the thoughts inside are great and to the point. They are great points for living a great life, making and keeping good friendships and family relationships as well as relating to a significant (or hopeful significant) other. It is a quick read, very positively written, and the suggestions (want him but don't need him, be busy and thus more interesting, be less available, present yourself how you hope to be seen, be interested in him) all of these are wonderful suggestions for staying in all of our relationships, including the one we want to be our significant other! You will enjoy this book and take a lot away with you!

What I loved here in this book is - that one can peek into the "secrets" of men. Maybe even how to "work" on them and cause them to be 'burned' on you. For example, it is very important to know and find here a really prescription that even most guys do not even realize they have these instincts, and women themselves are not aware of it. This guidance is also important for the spouse which must show the man that she can fulfill the needs he does not even realize that he has them. I feel

that this book is a prescription for success. Plain and simple

This book first helps you delve into what men are really thinking and what makes them act the way they do. This is helpful in understanding why he may not seem as interested as you like-there are several options and knowing these is very helpful. It then goes into different strategies to use to make yourself seem irresistible and explains why these strategies work. Finally it gives advice into what makes for a good, healthy relationship once you are together. Definitely recommend this book for anyone who wants to understand men better

Wow! This book has great advice. I began reading this more for fun than anything, because what do I have to learn after 20 years of marriage? Turns out a lot! Not only does this book give great tips and reminders for the beginning of a relationship, this same advice would do wonders to keep a relationship fresh and exciting. This book acknowledges the differences between men and women and their approach to relationships in a practical, take-control way. You can avoid some of the common mistakes people make while looking for that perfect mate if you read this book.

A lot of what's in this book is something that most women know at some level, but we just don't keep it at the front of our minds. This is a great reference to keep handy - to read over and over so that we women can remind ourselves of the best methods and not slip into automatic mode. One of the best things about this book is that the author is a man who gives us insight into what men really want - whether they are aware of it or not. Thanks, Eric.

Very insightful read!! I wish I knew about this book years ago. What I like most about this book is that it really teaches you to put yourself out there. As a woman I have undergone many obstacles and hurdles to try and get a guys attention. I also learnt that you really have to be honest with yourself and your man to get his full attention. Guys can detect when a woman is not being her true self and this book really brings that to the surface. I made the mistake of being too needy at times so reading this book really gave me some good tips

Thank you Eric Munroe for this book. We all know that men and women are very different in the way they act and think! So it is great to get a man's understanding on how to attract your perfect guy. This is a very good read and gives clear insight into how a man interprets your actions. Would recommend to any woman who is confused by the reactions she is receiving from guys.

I really liked this book because it was told from a man's point of view. No nonsense, practical advice that women should definitely pay attention to! There were some really good tips about being yourself, being less available and treating the guy like he's special and respected. I liked the section about how to take your cards back off the table. I've definitely made the mistake about laying them out too soon. Very helpful book!
