## Customer Reviews

I read this in about 10 minutes. Just do a google search and you will find the same information about .

Disappointing. Didn't tell me what I hoped it would.

What a rip off

I have been a Prime member for a year and a half and I still have problems accessing books to borrow. This book describes benefits accurately in my experience. I just wish that Victoria gave more information on how to access books to borrow. The book says that there are 600,000 books to borrow, well good luck finding them. The initial membership claims thousands also. When I go into Kindle owner's lending library I get about 30 sappy romance novels and B rated murder mysteries to choose from. Does anyone know how to see what the other 500,000+ are?????

Good information. Well written. Concisely done. A fast reader could finish this in 10 mins. easily. The ending was the best part of this book.

I have not looked at the book, but I am not happy that it was suppose to be free as a kindle unlimited member and I was charged .99. I can not find anywhere to get help getting my money back. Maybe someone will read the review and get me a refund?

Great read!

Not worth the money. Nothing in here that you can't read for free on the website itself
