This is book 2 in the Hidden Wings world. I love Emma. She is a 17 year old girl who has lost so much that is dear to her but yet gained so much more. A family, friends.... and enemies for no reason other than her birth. A prophecy awaits her. If she can survive until her 18th birthday. She is a mixture of light and dark. Good and bad. Innocence and experience. And her rock, her guardian, her almost everything... KADE. This is a journey to Hell...literally. Friends are lost.. and a new one is

found.. Ethon.. Could he be the one to save her?This is a story of forbidden loves, family, good, evil, and finding yourself in the midst of madness."Love should have no boundaries, no limits, and no law. Love should be free and given to whomever it wants."I love this series. I love this world I stumbled onto. The characters are showing growth. Cameo's writing is showing growth. I just can not stress enough how much I enjoyed this. That being said... the ending! Cameo Renae is a literary genius. I love her.I am in so deep I never want to get out.

I just don't even know how to describe how much I love this book! This whole dang series actually! My favorite thing, is Emma, the badass amazing, and easy to love heroin in this book, is just, well awesome. Something that annoys the heck out of me is most main characters are all secretive about all the bad that happens to them and get themselves into more trouble. It kills me, I yell at my book every time. But not Emma, she is smart, honest, honorable, kind. Just a genuinely good soul, and it pays off for her every time. Broken Wings takes you to Hell and the 5 gates protecting Lucifer. And all I have to say is...what a freaking ride! I cried...HARD! I laughed, a lot! and cheered and squeaked and this book is just simply perfect! And it literally takes up 30 seconds from where book 1 leaves off (so does book 3, I'm almost done with that one as I type this) which I love! All around must read awesome perfection! I have already ordered my paperback copies ;)And this series doesn't feel like your typical "angels and demons" paranormal. The Gaurdians are so normal, and hysterical and tragically loveable, and they have no wings, yet. The angels in this particular book that do have wings are the Fallen, and the majority of them are bad guys, so they don't come off as angels. I just think you have to read the books to absorb and appreciate the awesomeness of this series!

Great second book. Cameo does a great job building her world, there is a lot of places she could expand on through this series if she wants to. I liked the different levels of Hell. I would have liked to see some more detail but enjoyed the battle scenes. Cameo starts to build Emma's strength and we see Emma mature and find herself. For the first time we see her start to protect others and start to worry about the bigger picture? I loved Emma's suit she wears through hell and the ability it has to adapt. Interesting twist at the end, Cameo challenges us to think about what constitutes evil and the image of satan. It will be interesting to see how the love triangle develops.

This book was completely unexpected, in a good way.The story of Emma and her Guardians continues. Each of the brothers are great characters and Emma and Kade have a special

connection. The sacrifice that Kade makes for Emma changes the story. I liked what he did and how his role in this book played out as it was not expected. Did his sacrifice change things between him and Emma? The action that happens in this book was nonstop and kept me reading. After reaching their destination, another loop gets thrown at you with a possible new direction for Emma to go in, and with a new person. Definitely makes you want to keep reading the next book to see what happens. I can tell things will be getting very interesting, and complicated, for Emma.

As an adult I absolutely loved this book. I loved the way the characters, story line and really everything about this book came together. I couldn't put it down. You fall in love with every character. The only thing negative I have to say is I really hate when I stumble upon a series I love only to find out I have to wait until the next book comes out. Lol. I'm really hoping it is SOON. :)
sincerely, A willingly sleep deprived mother of 3. ;)

Cameo never ceases to amaze me with her imagination and storytelling. Originally, I hadn't been interested in reading the Hidden Wings series; only because it was put forward as a Romantic Love Story. It is that, but that's not all. This is a YA fiction novel with action, adventure, humor, suspense, romance, and heart. That's what I find in all of the books of Cameo's that I've read: heart. I'd recommend this series to mainly YA females, or females that enjoy this genre. The romance is not the only story. It's good versus evil. Standing up and fighting for those you love, even if it means you have to walk through the gates of Hell. That's the story.

I absolutely fell in love with this book, and the whole series! I find myself not being able to wait until the next one comes out! I rated the book this because first it was amazing second I couldn't wait to get to the end, and lastly it kept me entertained. I never knew what was going to happen next, and it kept me guessing and I loved that!!! Also the whole relationship roller coaster that she and Kade are on. Also the whole relationship triangle that happens at the end!!!! OMG I LOOOOOOOVEEEEDDDD IT!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! And the whole fact that when she's 18 she will have her transformation and she will have to pick a side and which mate well that's amazing and I can't wait!!!!!! So read this book because you won't be disappointed and again it's TO DIEEEEEEE FORRRRRRR!!!!!!!!!!
