Processes Of Constitutional Decisionmaking: Cases And Materials

Synopsis

Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes portability, meaningful feedback, and greater efficiency. This extraordinary team of authors traces the historical, political, and social development of constitutional law. Processes of Constitutional Decisionmaking, Sixth Edition considers constitutional questions in a broad historical context, with cutting-edge insights from contemporary scholars. Updated to include all new developments in the field, it delivers strong chapters on the constitutional treatment of sex equality, race, civil rights, separation of powers, and federalism. Features: Coverage of the Health Care Case (NFIB v. Sebelius) and Shelby County v. Holder New materials on sexual orientation, race, and gender. Completely revised materials on sexual autonomy and abortion. Coverage of Second Amendment rights. Coverage of new developments in executive power and national security law. Increased coverage of the history of important political and social movements and their effects on American constitutional development. Expansion of the rich historical materials for which the casebook is famous--including new materials on the formation of the Constitution, the early Republic, the legislative history of the Fourteenth Amendment, the Gilded Age, and the constitutional struggle over the New Deal CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics. PRACTICE QUESTIONS Quiz yourself before class and prep for your exam in the Study Center. Practice questions from Examples & Explanations, Emanuel Law Outlines, Emanuel Law in a Flash flashcards, and other best-selling study aid series help you study for exams while tracking your strengths and weaknesses to help optimize your study time. OUTLINE TOOL Most professors will tell you that starting your outline early is key to being successful in your law school classes. The Outline Tool automatically populates your notes and highlights from the e-book into an editable format to accelerate your outline creation and increase study time later in the semester.

Customer Reviews

Jack M. Balkin is Knight Professor of Constitutional Law and the First Amendment and Director of the Information Society Project and the Knight Law and Media Program, all at Yale Law School.

At 2000 pages, this book is twice the size of other legal textbooks. It's needlessly long and doesn't do the top-down, trimming editing that editors of other books do.

Surprisingly, much lighter than it looks. An important consideration for a poor little 1L hauling her books to class and home again every day.

Book in good condition with a few highlights and comments, which actually seems to be helpful for me being a law student learning the material for the first time.

Product exactly as described. Great communication. Fast shipping. Thanks!

Required for class. Arrived on time and as described

This is one of the best casebooks out there. Granted, the editors/authors all tend toward the more leftist-liberal-Progressive-Democrat (e.g., living constitutionalism) side of constitutional interpretation, and this inevitably has some effect on the selection and editing of the cases/materials as well as on the selection and editing of the questions, but I don't know of another casebook that ideationally and historically contextualizes the cases better. The students making negative reviews here because of the size and structure of the casebook simply do not understand the purpose of a

casebook. The truth is this casebook has been considerably pared down from all of the valuable material that the editors would include if they were allowed to make it longer. I prefer casebooks that err on the side of inclusion. You don't have to read it all, but it is still all there as a resource. One reviewer was frustrated with the long list of questions. All casebooks have long lists of questions. They are intended to stimulate debate in the classroom and thoughtfulness in the minds of readers. Oftentimes the questions we choose to ask are more important than the answers upon which we settle.

I have the case book for this supplement for my Con Law class and am completely lost. The book fails to explain the underlying principles that many students new to Con Law haven't yet learned. I was very excited when I saw a supplement to the book. This is not a supplement. I was hoping to have something that may give the basics or explain some of the big picture aspects of the casebook, like a normal supplement. This is simply additional material that the casebook editors didn't have room for in the already too long casebook. It is nothing more than additional cases and ramblings of the writers. I was very disappointed that such a book would be named a "supplement" as it is of no use to better understanding the material.
