A Year In A B&B In Banff

Synopsis

What happens when an American man meets a loveable Canadian who just happens to own a B&B? Stunning Banff! The adventure of the Canadian Rockies... so what's it like to live there and run a B&B? A witty, insightful look at life in a small town that is famously nestled in the Canadian Rockies. With a foot in both cultures, and comparisons aplenty, MacVicar takes the reader on an often hilarious, sometimes poignant, and always illuminating journey. It's an authentic look at Banff as it is today. And by the time you've finished this affaire d'amour you will feel like a local. From bear spray to toilet brushes, and crafty politicians to small-town monopolies, just when the reader least suspects it this non-fiction narrative takes an unexpected turn. And in the end it's a tale about what it is to be human, and to live in the Canadian Rockies surrounded by beauty - nourished by a natural world too rarely embraced.

Customer Reviews

Calgary Herald Bestseller - Non-fiction "MacVicar is such an excellent storyteller the chapters fly by. Readers will be considering a trip to Banff, and if you have any thoughts about running a B&B you will definitely want to read the book." The Californian - Gannett Company July 2015 "While A Year in a B&B in Banff is a memoir, it is also a travel guide that unravels the splendor of time spent in Banff...its small-town quirkiness, history, geology, wildlife, and political frictions that arise in a town that draws four million visitors a year!" Calgary Herald July 2015 "A master of the memoir MacVicar delivers an anecdotal narrative with Bill Bryonesque observations." Writers Forum Magazine UK April 2015 "It's a wonderful book! Funny and full of revelations about Banff that most people don't know." CTV - Edmonton June 2015 "Humorous and insightful...the award-winning writer touches all

the bases." Florida Times Union March 2015 "Captivating! With penetrating humor and poignant insight, MacVicar explores a landscape beyond the fast lane where the foibles of everyday living beckon us to linger. Put away your personal technology, check into this B&B and relish your stay." White Tops December 2014 "For anyone who ever dreamed of running a B&B, It's a cornucopia of unforgettable characters amidst the beauty of the Canadian Rockies and the fascinating history of Banff. I was glued to the pages. A filmmaker's heaven, it makes you want to be there!" Robert Johnson - Award-winning producer, Paper Clips "Fun, whimsical, clever, and observant, it's as much about wanderlust as it is about bears, geese, ice and avalanches. In the end you'll know how Canadians think about everything!" Tim O'Brien - Biographer, Ward Hall-King of the Sideshow

JAMIE MACVICAR is the author of *The Advance Man: A Journey into the World of the Circus*, about his experience as a promoter for Ringling Bros. and Barnum & Bailey Circus. The book was awarded Finalist honors for the Marfield Prize: National Award for Arts Writing. He is the co-author of *Crossed Pens*. His short stories and feature articles have been widely published.

A GREAT book that will make you feel as though you are sitting in the quaint little B&B yourself, listening to Jamie tell his stories. His vivid descriptions of Banff coupled with the interesting history of the town and B&B will surely captivate you ... I finished it in two days because I simply couldn't put it down. For younger audiences in particular, McVicar will inspire your adventurous side, lending fantastic advice to "take the money you are about to spend on a Masters or Doctorate degree and travel. Shrink your world. It just might widen your sense of home."

This is a beautifully written love story about the trials and tribulations of running a B and B in the small mountain town of Banff located in the Canadian Rockies. Jamie's talent lies in his ability to tell a story with humour, insight and passion. The story is interspersed with fascinating, factual information about the geological and natural history of Banff and area. This story is captivating from beginning to end and is guaranteed to draw you to visit Banff if you haven't already done so (and perhaps check into a B and B). I highly recommend this sweet read.

We purchased this book after staying with the author in Banff. Knowing him made it interesting and meeting him first helped understand his style. I have loaned it to friends and encouraged others to buy it.

We met the author in Banff and enjoyed his book.

I didn't expect to find this book that interesting but was pleasantly surprised to discover it was not only very readable but actually, for the most part, very entertaining. As an armchair traveler I have read a lot of books of this ilk and this one does stand up to competition with the big name writers who make the top ten lists. If you enjoy travel books, books about the Canadian Rockies and nature material I think you'll find this a pleasing read.

I loved this story about an American living in the Canadian Rockies. It's like looking through a telescope alternately from one end and then the other: We see what day-to-day life in Banff is like and the beauty of the area, and then we get to step back and learn the history, the geography and the geology of the area. This is a great book if you've been to Banff or if you intend to go to Banff.

A well written humorous and informative book about the delightful town of Banff in the Canadian Rockies. The author joins a lovely Canadian woman who owns a B&B and gives us his astute observations on everyday life in this beautiful town. The book brings back wonderful memories of our recent visit to Banff (staying at this very B&B) and makes us anxious to return.
