A Midwinter's Wedding: A Four Kingdoms Novella

Synopsis

A retelling of The Frog Prince fairy tale. Princess Cordelia is used to being overshadowed by her many brothers and sisters. So when she's offered the chance to attend her brother's wedding in a faraway kingdom, she leaps at it. In Northhelm, she'll finally have the chance to stand out. And maybe, just maybe, she'll even find romance. But not everything in the Northhelmian court is as it appears. With her brother distracted by the wedding, only Ferdinand, the ugliest man at court, will listen to Cordelia's concerns. An observant princess and a strangely amphibious soldier may be the only thing standing between all Four Kingdoms and disaster. Cordelia will have to overcome prejudice, deceit and danger if she wants to save the day and find romance at A Midwinter's Wedding. A Midwinter's Wedding is a novella of approximately 35,000 words. If you enjoy clean romance, adventure and intrigue, then try the books in The Four Kingdoms series now! Each book can be read as a standalone story, however, for greatest enjoyment, they should be read in order. The Four Kingdoms Reading Order: The Princess Companion: A Retelling of The Princess and the Pea (Book One) → The Princess Fugitive: A Reimagining of Little Red Riding Hood (Book Two) → Happily Ever Afters: A Four Kingdoms Novella → The Princess Pact: A Twist on Rumpelstiltskin (Book Three) → A Midwinter's Wedding: A Four Kingdoms Novella The Princess Game: A Reimagining of Sleeping Beauty (Book Four)

Customer Reviews

When Cordelia has the opportunity to travel to Northelm for her brother's wedding, she is thrilled! Because of the distance and the climate, she gets to stay for several weeks. As one of Arcadia's six princesses, she has always felt overshadowed by her beautiful older sisters. Now Cordelia has a chance to be noticed for herself. While in Northelm, Cordelia becomes friends with several princesses, meets a handsome prince and his best friend, Ferdy, who looks strangely frog-like, and overhears suspicious conversations. Everyone brushes off her concerns, except for Ferdy. I would have loved him just for that. I wanted to smack her brother and the Prince for being so patronizing! I loved the fairytale elements of magic, romance, and good overcoming evil. The political intrigue was a great addition to the story, and a wonderful way to bring Cordelia and Ferdy together. The plot was well developed and did not feel like a novella at all. A Midwinter's Wedding is part of the Four Kingdoms series. At this point, it can be read out of order (that's just how I have happened to do it). I would highly recommend this series to fans of fairytale retelling. If you have read the series and are looking for more fairytales, try the Timeless Fairytale series by K.M. Shea. Content: clean (no language, minor violence, a few kisses)

There's so much to love about this novella, I don't know where to begin! I love how relatable the characters are. I grew up in a big family so I really identified with the main character as she learned to deal with insecurities about being overlooked and learned not to overlook others in the same way. The whole plot was fascinating and the ending was absolutely beautiful! I totally teared up at the end! There's so more I want to say but I don't want to give any spoilers if you haven't read it yet so I'll just leave it at, YOU HAVE TO READ THIS!!!!

I have a complaint about this author's books. They don't come out often enough. I am not very generous with 5 star reviews, but think I have given every one of the 4 Kingdom books 5 stars. They are fascinating re-writes of familiar (and not so familiar) fairy tales, but done so in such an intriguing

way. This retelling of the Frog Prince was so very touching as Cordelia and Ferdie learned their value and discovered a nefarious plot against the royals of the 4 Kingdoms

As with the rest of Melanie's books this has been a well-written story. What I loved most was the writer's not forgetting her previous characters but incorporating them in her following stories so that we get news of what is going on in the other kingdoms and how her previous heroes are faring. I am looking forward to her next story.

There is conspiracy and fabulous fashion! Melanie Cellier keeps us on our toes in this non-stop intrigue as we battle to figure out the plot afoot before the next royal wedding. With a Froggy who's a hero and a sub-plot that has you jonesing for your next Four Kingdoms fix, happily ever after never read so good!

I have yet to be disappointed with any of this author's stories about the 4 kingdoms. This fast-paced novella is no exception. It was a joy to read. If you don't like clean romance and variations on fairy tales, don't read this, you wouldn't like it. But if you do, you're in for a treat.

I really enjoyed this book. This book has wonderful characters and a wonderful plot. I enjoyed seeing the characters from The Princess Pact. This is a wonderful retelling of the story The Frog Prince. I had a hard time putting this wonderful book down.

Another really good story from the author. Good characters, a fun plot and fast paced adventure and romance in the Four Kingdoms world. This is suitable for YA and younger, but should also hold the interest of not-so-young arts like me.
