# Acceptance: Chained In Darkness (Episode Six Season One Finale)

## Synopsis

This book is the final episode of Season One. It's a new night and that means more of Theoden's lessons, one of which I was still recuperating from. I was so out of control last night and if my current physical condition is any indicator, my brothers definitely had their way with me. As far as my relationship with Theoden goes, I can't help but feel drawn to him. I feel as though he's accepting me as I'm accepting him in some morbid way. I don't know... maybe it's because I know I don't have any choices. There's no way out for me. I'm his and we both know it. Maybe there's still some fight left in me, some little nugget of Noel the man that hasn't been consumed by Noel the vampire. One can hope. I do know that this night feels different, like I'm coming to the last lap of a long, rigorous race. What is to become of me when this night comes to an end? Warning: This novelette series contains hardcore sexual situations between men, not meant for sensitive eyes. I'm talking crude, lewd and full of attitude. This series will most likely either offend you or get ya revved up. This series isn't going to be pulling any punches whatsoever, so you've been warned. Mature Adult Content meant for readers looking for something dark, taboo, sexy, and unapologetic in their paranormal erotica. This is NOT a romance. This novelette is approximately 28100 words.

## Customer Reviews

Noel lives in a future dystopian society where vampires rule over humans and where his fate as a newly turned vampire to Theoden brings with it many rules and punishments for breaking those rules. Noel has all but lost his humanity to this new vampire life. His last hurdle is to have sex with his enemy, Jonah, the one who gave him up to the vampires in the first place. I

can't tell you how angry I got throughout these books! I could have bitten a bag of nails, I was so angry. I kept waiting for the story to have a twist and Noel would win out in some way. BUT I couldn't stop reading!!!! This was the best M/M DARK paranormal story I have ever read. This series MUST be read in sequence. Sooo good!

Noel has accepted his fate. Theoden takes him for a few more lessons to prove his fealty. As an enemy must be embraced and new duties get thrust upon him, will Noel rise to the challenge in the next part of this journey? In this series, Nicholas Bella takes us on a mind f\*\*\* like no other. What if your will was taken from you and there was absolutely nothing you could do about it but embrace it? Full of blood, sex, and death.....what more can you ask for in a dark twisted series???? LOVE IT!!!!

This is the final book in season 1, Chained in Darkness. As a finale, this gripping tale takes us out with a bang! I loved how the author wrapped this up without backing off on Noel. It is a gritty raw take on the paranormal story that has never been done quite like this. That is what drew me in, and it is what has me panting for the next book. This series isn't for everyone. It is gritty, raw, and even raunchy, but it has a purpose. Noel's new reality is not to be taken lightly. This ain't twilight. Vampires here know they are at the top of the food chain and they will not be denied, for anything! Noel is fast approaching the end of his transformation from Resistance fighter to full fledged vampire, thanks to Theoden's very strict training. But the lessons are far from over, and Noel is not going to like one of them for sure. He is trying to figure out if he has lost all of humanity, or if he is now so entrenched, so attracted to his new life that everything he thought is over. He has accepted his new desires, he understands much more now since his visit last night. He is surrendering to Theoden because he realizes that he too needs them. Tonight, he will go out into the city as a vampire. As Theoden guides him on this journey, Noel is understanding what lessons he is being taught, and for once, these lessons won't be painful to him. It is the humans who should be afraid. Back at the house is a whole other journey, one Noel is not sure he can abide by. His worst fear is about to be realized. Can he take this last lesson? Or will he find himself shut out from the House of Theoden for good? If you love your vampires a bit on the dark side, this new series,

which will be back with a season 2, may be right up your alley. I love this new series and I cannot wait to see where it goes next! But be warned, the author does not pull any punches, and anything can happen in Noel's new world. I, for one, am loving this dark, gritty, and raunchy universe. Bring it!

I am always so excited the next installment of this series comes out because it is just so good and exciting and exceptionally well written with an excellent story line. This is a dark erotic story, so if it's not your cup of tea don't bother to read it just to leave a bad review because it's not something you like. You MUST read the books in order to understand theology and storyline. I am totally looking forward to part two, I just hope we don't have to wait too long to find out what will happen next in Noel's life. This is definitely one series that I recommend to friends and it is in my re-read pile.

Hot and intense series. It was fun, but I lost interest in the other series, because I was hoping for the main character Noel to be different from his "brothers", but no, it's just another story where someone is succumbing to Theoden. For this, I would have preferred the story of the "priest". You identify easily with the cause of Noel, so you want him to be free and that also leads to human freedom, and also to make pay traitors. It would also have accepted that Theoden had feelings for Noel, something like "you win his body, but not his heart". Ja ja. I did not like the "read minds power", because you know that he can not escape, he can not think, it doesn't matter if he is smart or good person.

I honestly have mixed feelings about this series. If you take a glance at it, it is a sexed up vampire story about a Master trying to teach his new kid to submit. On the other hand, it's a lot like 1984 but with sex and rape. Theoden wants to completely break Noel so he can forge him into whatever he wants him to be. The fact that he succeeds actually leaves me pretty sad. I mean, if you have had your free will, even the freedom of your own thoughts taken away, what the hell else is there to live for? Apparently, mindless sex is the answer. I want to like it but the underlying message is just too creepy.

I loved the conclusion to this first New Haven story. Noel's journey from human to vampire really became complete with this story.

Damn, I thought Noel was going to be allowed to kill Jonah. Even I find him annoying as hell. Please, please kill Jonah.
