I Can Do It Myself! (Empowerment Series)

Synopsis

Children and parents alike will delight in this joyous declaration of toddler independence. This book celebrates the feats of growing out of babyhood and starting to embrace the world on your own terms. Whether it's being tall enough to reach a high shelf or brave enough to splash in the waves, Krensky and Gillingham address the small victories that come with growing just a little bit older. Energetic text and retro-fresh illustrations celebrate this important developmental stage with charm and relevance. Note: Illustrations are in the style of vintage screen prints, with imperfect variations in color and texture.

Customer Reviews

Okay, so I bought this for my 3 year old. She's like whatever about it. My 1 year old on the other hand loves it. I wish it had more words. It's kind of short on that. Like "I can ride, I can hide". The art is awesome though. Really cute and simple and colorful. I like the overall message. I like reading it over and over and changing the words and adding more depth to it. My oldest is more intrigued with it if I add content. It's a sturdy straight to it book. Short and absolutely adorable.

My baby and I love this series. Very cute illustrations and simple text

It's cute - good for age 3 - short, very short book!

Great books/illustrations for a young mind. The premise is simple and positive for a toddler to grasp. I am huge fan of the art style which is both lovely to view as well as clear for a toddler to understand. These are not long stories so the short text simple premise stay well within the attention span of my 22 month old toddler. I would've bought them sooner had I know about them!

Simple message of self help skills. Developmentally appropriate for the child who is beginning to show signs of wanting to do everything independently! Board book is bigger than the average square size. Excellent quality. Great Buy. Highly recommend.

I bought this to go with "Now I am Big" by Stephen Krensky, illustrations by Sara Gillingham. Very nice illustrations, cheerful story. My grand kids love it and so do I!

my kid loves this series (18 month old). we also sent this to a 9 month old as a gift and she loves it too! I love the illustrations because they remind me of his nursery :D great book. he points out the "apple", "books", "nana", etc . super cute series!

This is my favorite one of the set! I got these for my little niece! She loves them. If you have a little one I highly recommend them. They have beautiful illustrations. The sentences are simple so they are perfect to grow with your child as they learn to read. And they are empowering.
