Beyond The Edge Of Desire (Beyond The Edge Series Book 3)

Synopsis

He's irresistible. Rich. Powerful. So Damn Hot. I wake up wanting him, craving him, needing him, But I can't bring myself to give in to this desire. Instead, I play hard to get and watch him chase me. I'm more than his sexy neighbor. I'm his biggest fantasy, but he doesn't know it, yet. Liz Mason is more than the girl next door. Smart. Sassy. Sexy as hell | It's more than just an attraction. But she'd never believe I wanted more than a fling, especially since she walked in on me and my real estate agent | but then again, maybe that's exactly what she wants. The last thing I wanted was to get mixed up with the new neighbor. Especially when I walked in on him with his agent bent over the counter, sealing the deal | but there was something about him, maybe it was that ass-et he is bringing to the neighborhood. I knew from the moment that Jamie opened his mouth and flashed that smile that I needed a closer look. Beyond the Edge of Desire is book 3 in the Beyond the Edge Series.

Coming of Age

Customer Reviews

I read this book, before reading an ARC for book 4 in the series and have to say that I am thoroughly enjoying the series thus far. One reviewer said the miscommunication between the characters might drive you nuts and I have to second that assessment. There were so many

instances during this series that I wanted to shake Jamie and Liz, but it also keeps you turning the pages with a desire to see what transpires between them next.

I've read three of the Beyond the Edge of Desire books. I didn't realize when I bought the first one that there was a second. It ended in the 30 %, both books. If the second one had been more than .99 I wouldn't have got it. Both books the story was very simple. Didn't take much thinking to read them. I wouldn't have read the next one but figured I was 50% done, might as well finish. Then again it was short. I just finished the third book at 18%!!!!!! I don't give a rat's ass about the extra books that you get to fill in!!! I bought Beyond the Edge of Desire books, not a book I have no interest in! Do you want to hear the the clinker.....there's a fourth book!!! I could care less how this series ends. You couldn't pay ME to read it!!! If you want to be duped into buying four or more books, that are bearly 25 to 30% of the book, be my guest. You've been warned.

Book 3 picks up where Liz has decided to spread her wings. She heads out into the dating world and meets Paul. He seems to be what she is looking for, except there is no spark. When she decides she wants Jamie and actually builds up the courage to have the conversation with him, she finds out he too is dating. She is devastated. She continues to see Paul - for all the wrong reasons until she can't anymore. She ends things with him. Jamie is there to pick up the pieces after his date tells him she doesn't want anything serious. For once things are going well for these two. I hope this continues in book 4..we will have to wait and see voluntarily read this ARC and am giving my honest and unbiased opinion of the book as I experienced it

I voluntarily reviewed and advanced reader copy of this book. I am soooo loving this series. I've never wanted to smack someone upside their heads like I do with these two. Liz and Jamie, I want to say wake up dummies!! These two have a huge mess at their feet, they've decided to move on, yeah right! They've both decided to date and it's not really going how they expected it too, but how can it, when you really want to be together and are too scared to admit it. Will the universe every align for these two love birds? We can only hope, but you will have to read on for yourselves ladies and wait for the next installment! I highly recommend this book and the series, you won't be disappointed. Love it!!

I love and enjoy small series. even though I want the whole story at once, it keeps me on my toes and wanting more. And stories from these two never disappoint. In Part 3, what a mess these two

have caused between each other. I want to yell at both! There's so much misunderstanding between them. They both decided to move on but quickly realize this isn't what they truly want. I can't wait to see if they finally tell each other how they feel or even just see what happened next. Beyond the Edge series is just as the name says. It keeps you on the edge the whole time. These authors have the best writing style and know how to give us an amazing, great story.

This is the third book of the Beyond the Edge series. Jamie and Liz decide to move on and start to date others though they keep thinking of each other. Makes you want to slap them silly and shake some sense into them. Liz doesn't feel anything for her new beau but keeps trying to make it work. The same for Jamie with his new girl. Can they make the new relationships work or will it make a light bulb go off and make them go back to each other? Was a good read, hope you enjoy it. I voluntarily wrote this review from an advanced copy of the book.

I received an ARC in exchange for an honest review. The rollercoaster ride that is Jamie & Liz continues. Even though they are both crazy for each other, they decide to move on and see other people. They both find someone they are interested in but it is nothing like what they feel for each other. They are determined to make things work with the ones they're dating, but trying to make it work with someone when you can't stop thinking of another person is never a good thing. I can't wait to see what the 4th installment has in store for us!

This is a great installment in an already great series!! Jamie and Liz have this will they or won't they thing going on and I love it. The roller coaster ride keeps you turning the page wanting to find out what happens next. Not being able to tell each other what they really want makes for a difficult relationship. The assumptions, the miscommunications, not really wanting the person they are dating and thinking of each other instead makes a great plot. Loving it and cannot wait for book four!! I voluntarily reviewed an advanced copy of this book.
