"Culture Smart! has come to the rescue of hapless travellers." [Sunday Times Travel](#)

Clare Thomson, born in London to an Estonian mother and a Scottish father, is a journalist, travel writer, and teacher. She read English at Jesus College, Cambridge. Her first book was *The Singing Revolution*, an eye-witness account of the collapse of Communism in the Baltic States. Clare has worked as a journalist and freelance writer in Brussels and London. She has written and

collaborated on several guidebooks about Belgium and the Baltics, and contributed articles to British newspapers, including the Times, the Independent, and the Sunday Times. She and her family are regular visitors to Tallinn.

Great books for travel. I used this in Estonia and it was a perfect prep for the trip, and made you understand what is behind some of the cultural experiences. It was interesting that it stated there isn't exactly any true estonians around anymore - it's been invaded or governed by so many different parties over the decades and I think you see that when you go there. Someone had said that to me about Sicilians, but don't ever say that to a Sicilian!! :) I'm sure Estonia the same - and loved it there.

Wife loves it. now we need to go there

Pleasant to read. I was on my third visit to Estonia and by and large the book seems a fairly accurate reflection of quite a few important features..

It is essential to know something about the culture and manners of a country.this little book has prepared me for my first visit to Estonia in a way the usual guide book could not.

Book arrived in excellent condition! Wish I had had it before going there!

Great read.

THIS IS MY NATIVE COUNTRY.

The book gives a good understanding of how the Estonian culture is, and also gives background information about why. When discussion religion, it examines the Lutheran history, the Soviet restrictions on religion, and the effects those restrictions have to these days. The book discusses a wide variety of cultural stereotypes, disproves some, and expands on others. It is an in-depth look, it doesn't simply just take talking points and go with them. Research is done, and first hand experiences are provided. It provides a good overview of the issues that the country finds itself dealing with (good and bad), and is good for travelers to understand cultural norms.
