A remarkable story, fewer pix than the Images of America book which I found more interesting. See our review there.

Excellent book about the history of Chautauqua. A must read for anyone who has been to Chautauqua or even for those who may want to visit someday.

This book told me EVERYTHING I needed to know about the Chautauqua Institution!! I paid a recent visit and wanted to know MORE - and this book was PERFECT!! Also was shipped quite quickly by the seller!! AAA+++

An excellent, digestible description and history of the Chautauqua Institution. This book is filled with wonderful photos -- both current and archival -- and a succinct text describing the 126-year history of this remarkable cultural, recreational, educational and religious center. If you've experienced Chautauqua, it's a wonderful description of the ups and downs and ultimate success of this education-vacation community. If you've never been to this Western New York State landmark, read this book and start packing your bags.
