Alan Durband is well-respected in his field.

Great Price! Quick delivery!

This book destroys Shakespeare with easy readin. i only got it for an English class and detested those who felt that it was necessary to explain his plays. Stop submitting to the foolish populace.

was very good for the purpose of the purchase----- teenage daughter in H.S. mandatory for English. This book really helped her break everything down for the essay that needed to be turned in. I strongly believe any teen or young adult who wishes to understand Shakespeare more better to comprehend it in order to appreciate it, should get this book.
