National Geographic Readers: Dive, Dolphin

Synopsis

From the classic bottlenose dolphin to the orca, young readers will learn all about these amazing animals in this pre-reader. Through text features such as the vocabulary tree and the wrap-up activity, kids will be introduced to vocabulary in concept groups—helping them make connections between words and expand their understanding of the world.

Customer Reviews

Shira Evans started her career in educational publishing in 2001 after teaching English in several countries around the world. Since then she has written and edited a wide variety of materials for K-12, including books, teacher's guides, and online activities. Evans has two adventurous young boys and enjoys exploring and learning more about the world with them.

love these books i have ordered almost the whole set and my grandson is learning to read very well

Good Pre-reader

I enjoy National Geographic and very much want to share this with my grand daughters so they can

learn like I do cause living in the city there is alot you dont get to see only in books

very nice will buy more

Great beginning reading book for students
