Nightmare Academy (The Veritas Project)

Synopsis

The Veritas Project team has a new assignment: To find the truth behind the mysterious disappearance of two runaways. When one runaway turns up totally out of his mind and a government agent steps in to take over the case, the Springfield's continue their own investigation. The twins-Elijah and Elisha-go undercover, posing as runaways. What happens next will keep readers on the edge of their seats as the twins end up in a strange academy where Truth is continually challenged, a gang-like war develops, and Elijah is taken to an ominous mansion from which no one has ever returned. A great thriller with a realistic look at right and wrong.

Customer Reviews

Frank Peretti, whose books have sold more than 12 million copies, is the author of Monster as well as the international bestsellers The Oath and This Present Darkness. The Oath (1995) has sold more than a million copies and was awarded the 1996 ECPA Gold Medallion Award for best fiction. Peretti lives with his wife Barbara in the Pacific Northwest. Visit his website at www.frankperetti.com.

Keep books at my house for the grand-kids. I always read them first. Nightmare Academy is a very interesting book. Possibly a little too technical for some, but not for most teens who are techno savvy. Exciting in some parts. As with many series' the first book was GREAT and this one is good.

Will definitely be interested in purchasing the next book in the series for my grand-kids. Good for discussion and fun conversations. Sure beats the "when I was your age" one sided discussions.

I like Frank Peretti `s books because he can write a good book without all of the foul language.

Peretti's books are regular reads to our children. And this is soooo timely. The grand illusion and game that is national (and local for that matter) politics, the agendas of power and control, the spiritual battle made manifest, well captured in a way that kids can understand in this book's story line. Just wish there were more in this series... My only complaint, whoever did the ebook conversion could have done a better job - a bit sloppy.

I really enjoyed reading this book. It is a well-written book that makes you think about Right and Wrong. It shows what would happen if there was not any boundaries. It showed how a pychological goverment experiment on different personalities, can go airy and what some people are trying to figure out on how to control others. This is a Book that many folk can relate to in a way with what happens in everyday life, it will keep you thinking through out the book.

This was a totally fun book to read, along with the other "Veritas Project" book, "Hangman's Curse". Mr. Peretti is so very talented at writing "quick! turn-the-page!" mytery novels with real life-like Christian characters. He shows that a book can be exciting, even scary, without vulgar language or inappropriate actions by any of the characters. He also stays away from pidgen-holing Christian characters and doesn't make them stand out or hide, either, because of their beliefs. I didn't realize this book was geared toward a teen audience, then again, since the parents are also very involved, maybe it's not! The whole family is strong and vibrant and fun to read about. I was very glad I gave these books a try! I hope Mr. Peretti writes some more!

Peretti is one of my favorite authors. Doesn't this book come very close to portraying what is happening today. "Ya Think"

Only took two nights to read. Couldn't put it down. Topic is very thought provoking but still entertaining. A must read.

I couldn't put it down for the last five chapters. I am ready for the next one in the Veritos series!
