What a wonderful, fun and inspiring book. It is easy to read with life-changing tips for women at any age. This book beautifully illustrates how sexy is truly a reflection of inner beauty. Lot's of quotes from the book that I love but my favorite is: "When someone has the balance of mind, body and spirit they exude an inner confidence that is magnetic and very attractive...People want to be around others that are uniquely charismatic, with an inner beauty that radiates from them". I'm buying a copy for all the women in my life!

such an extraordinarily motivating book. This boosted my self esteem and helped me love myself more; Kim Somers Egelsee; #1 best selling author of Getting Your Life to a ten +

i just finished reading this book and am going to buy 5 more to give to my girlfriends! i love that it was easy to read with a little bit of humor and vulnerability but full of beautiful wisdoms. All the tips and tools from each chapter were great reminders and inspiration.

I love when I can read a book that speaks to beauty without making me feel that I need to change myself to fit in and look good just for the sake of looking good. This book inspires women to be all that they can be - full, beautiful, authentic - because being and honoring yourself is sexy. Susie takes us on a journey of recognizing our own natural beauty and using it to shine our sexiness and love every curve and inch of the woman we are.
