Cruising Guide To The Florida Keys

Synopsis

If you are looking for complete information on the Florida Keys in one combined volume then look no further. This guide is a colorfully written, educational and informative tool for boaters, divers, students and tourists alike. It includes information on marinas, anchorages, artificial reefs, fishing, swimming with the dolphins, historical sites and restaurants. It is all laid out in an easy reference format with a chapter devoted to each Key including color aerial photographs, 42 detailed sketch charts of the islands, an identification chart of prominent fish in the Keys along with navigational secrets that stretch from Miami down to Dry Tortugas. This book is compiled and written by the seasoned sailing captain and naturalist Frank Papy. This new 14th edition is produced in full color which is the only way to capture the true beauty of America's out islands, waters and wildlife. Fair winds.

Customer Reviews

For me this is an update of a previous version and the update is well worth the money. This little

marvel is full with up to date and practical details for anchorage, passages and marinas in the keys. In addition, there are countless hints and suggestions on the environment, the area and what to do off the boat.

Excellent guide to snorkeling, fishing & sightseeing in the Florida keys.

Disappointing on Kindle. You can't make out the maps very well. The narrative is good so I guess I'll buy a chart book to go along with it.

A good guide to the Keys.

OK, more entertaining than useful.

Needs more water info such as dive sites and reefs. Heavily oriented to what's ashore. More info needed on Hawk's Channel.

We have a 30 ft sailboat and we have been using Capt Papy's book for about 5 years. It's spiral bound, in 4 color, with great aerial shots. The hand drawn sketch charts show how to get in and out of the best anchorages in the Keys. Plus, there is a lot of added information on diving and getting fish, lobster, and crabs. It's well worth the money, compared to all the other more expensive guides.

An extremely well written book with lots of pictures and charts. I used it to sail my 28' boat from Coconut Grove to Key West with my wife and 9 month old son. It's great for gunkholing and points out many of the unknown facts about the local area. And besides, Frank's a nice man...I can say that on authority as I have an autographed copy.
