loved it.

So outdated! The author seems bias, and regarding western 'foreigners' as ignorant.

good primer on japanese culture. I got this in preparation for a trip to Japan and I learned interesting facts about the architecture, decor and the culture overall. It's a quick read.

Very good informative book, covers almost everything

Great book. I had the spine removed and put a spiral on it. Using it for teaching this helped a lot.

I bought this for a student planning to study abroad in Japan. It is a perfect introduction of some very basic traditions, foods, etc. I can't wait to give it to him. Book arrived very quickly and is in great condition!
