Lois Gladys Leppard (1924-2008) worked in Federal Intelligence for thirteen years in various countries around the world before she settled in South Carolina. The stories of her own mother's childhood as an orphan in western North Carolina are the basis for many of the incidents incorporated in this series.

When I was about 10 yrs old, I received the first, original box set of books 1-5 in the series and was hooked! (that was about 20 yrs ago :) I was fortunate to have a friend who collected the entire series, so I was able to borrow the new sets from her or from our local library. Now I have a niece who is nearing the age that she would enjoy these mysteries so I wanted to have the entire collection to read together with her and/or let her borrow. I LOVE the fact that the series is now volumes bound in 1 book (5 books in 1) so that it is fewer individual books to keep track of. Also, there is something to be said for the accomplishment of reading a book that is over 300 pgs. when you are so young.

great books for tween girls!

My 12 year old daughter loves these books. I love that they have good messages and morals, and they keep kids interested. She can't put them down! I wish I could find more books like this that I can be comfortable with her reading.

My granddaughter was thrilled. She had read the first 15 books in separate covers. Having only 1 volume to keep her little brothers from destroying is a good thing to her.

We're on volume 6! Great books for girls!

Mandie are great books for young girls. These are very moral, but exciting books. Our daughter didn't like to read very much until she discovered Mandie books. She has read each volumes in about a week (each volume contains 3 or 5 books). This volume was just an additional to her collection. She is now waiting for volume 6. These are great books to invest in!

Bought for my daughter, since I loved them as a kid. She is about done with all of it.

This series is excellent. Very good morals, and they're interesting enough to keep my reader entertained.
