Stefan Soell is also the author of *Alpengluhn* and *Volcanic Girls*.

Carisha has been my favorite model now for several years gazing at her beauty on artful website. If you're looking for porn, this is not the book. Soell captures her beauty in a variety of different ways and moods. She is one of the most beautiful girls I've ever seen - her body immaculate. I particularly love the outdoor scenes. Large, full color photographs fill page after page. This book will remain in my collection for many years to come.

Stefan Soell is one of the most amazing photographers ever. He has an almost magical knack for capturing his subject's personality on film. Every image is stunningly beautiful.

This book is of complete beauty. Stefan Soell takes some of the most beautiful images of woman in beautiful locations. This book is filled with photos of only Carisha. And it has stunning imagery.

Gorgeous

Package was already delivered, reflect this on my orders.

This book has beautiful and classy photos of the model Carisha who is stunning in her own right.

The various poses and back scenes only add to the pleasure of viewing this book.

Book is great. Will make a great gift. Thank you

Really, she's gorgeous. She always manages an authentic smile, and she always has that twenty-something, blonde, curvy and top-heavy thing going for her. Lovely in or out of any costume, her physical person offers a few elements of adornment that not everyone is born with. But, I hoped for something a bit more than "Hegre's" kind of prettiness. I look for drama, sculptural elements, passion, allure, couture concept - well, lots of things that can elevate figure photo beyond "Ooh - pretty girl!" I have no problems with pretty girls, never did, never will. I've seen so many artists do so much more, though, that I want more depth in figure photo than "Ooh, pretty." As much as I love Carisha's womanly person and undeniable prettiness, Soell has not, for my tastes, surpassed prettiness. - wiredweird
