Daisy Meadows has written over one hundred books for children. Her RAINBOW MAGIC series is a New York Times bestseller!

The paper quality is slightly inferior but still makes for a good read

It's hard to find early chapter books about girls who play sports. These are VERY easy chapter books but my daughter (age 7, reading at a 3rd grade level) still liked them.

6 year old granddaughter loves this book and 3 other from the series that I purchased for her.

Since my granddaughter loves to find all the set together, this is the only place I seem to find the complete sets together. She has been learning to read in the first grade, and she has to have help on some of the words, but I think these books help reading for a girl..

This soon- to- be second grader loved the book! She is on the swim team, so this book made a great connection!

It was a good book for young kids to read. I mean kids needs to read more books in order to learn better.

This book is awesome because I like to play sports. I am on swim team so this is a good book for me.

Perfect book for our grade-school child who is very into fairies, anything magical and sports! Perfect combination, and a cute story and cover to boot! Recommended!!
