Customer Reviews

Book by Kingsland, Venika

Book is very misleading about lot of customs. Information is outdated. Some of the customs mentioned may be true once upon a time. India has changed a lot over the past few years. Author seem to be out of touch with present day India! There is too much generalization of facts.

Exceptional cases are portrayed as true at all times. Sometimes truth is stretched too much to sound sensational :- (30% of the content in the book may be helpful for visitors to know about Indian customs and etiquette. In general lot of information is misleading since they do not apply to present day India!
