Creative Haven Fantasy Designs Coloring Book (Adult Coloring)

Synopsis

Enter into a supernatural world of fantasy and romance with these imagination-stirring scenes and portraits. More than 30 images include a sword-wielding valkyrie in armor, a hatchling dragon, and a pair of unicorns. Illustrations are printed on one side of the perforated pages for easy removal and display. Specially designed for experienced colorists, Fantasy Designs and other Creative Haven® adult coloring books offer an escape to a world of inspiration and artistic fulfillment. Each title is also an effective and fun-filled way to relax and reduce stress.

This is a coloring book filled with 30 really great fantasy designs. Everything from dragons to

gnomes to unicorns and much more. I don't have any other coloring books by Aaron Popcock, so I did my homework before pre-ordering this book. It looks like he has released at least one book of fantasy sketches and that those look great. I took a chance on this book based on that information and Creative Haven's quality printing. I am really glad that I did so as it is very different from other books that I own. There are 30 designs in this coloring book which are printed on bright white perforated paper that is a fairly heavy stock. The designs are printed on one side of the page only. I usually like to remove my projects from the books to work on and I love that Creative Haven always makes it easy for me to do so. All of my gel pens and markers bleed through on Creative Haven books to varying degrees. I use some sort of paper under the sheet that I am working on to keep the ink from leaking through.

I arrived to the hobby of adult coloring late last year. Wish someone had warned me about how addictive it is, I now own a small library of books and art supplies. It's introduced me to artists I might never have heard of, and I love that these talented people have another platform for their work. The illustrations in "Fantasy Designs" are like what you might find in an old storybook. The creatures aren't meant to be cute or pretty, though some are; they have "character", for lack of a better word. You could easily make up a story for what's happening in each picture. I'm glad that these Creative Haven books have single-sided printing. The paper is only a little heavier than copy paper. Colored pencils work fine, but any wet media will cause bleeding through and/or buckling. As I like to use mixed media, I've learned to embrace crunchy pages in my books. This is the first picture I've completed.

Gorgeous art, funny and silly pictures. The artist put a lot of time and work into this book. He does most of the work for you but still PLENTY to color. If you have had a hard day and need a break from reality, and practicality, open this book and color! It's fantasy but somehow comforting to shut the real world out for awhile. I enjoyed the giants and elves and talking trees. Took me back to my childhood, a more carefree time. I look forward to seeing more work from this artist and will definitely buy another of his.

I bought this book for my younger brother. He loves to color and draw and he picked this one out himself. I was pleased to find a nice mix of gender friendly pictures. Lots of unicorns and mermaids. While having dragons and trolls too. Keep your pitchforks to yourself, I'm not saying a boy can't color a beautiful mermaid. He just loves dragons!

I was a little disappointed to find that the designs are a bit in Kieran than I'd prefer. All in all its a pretty good book. There are no fairst or mermaids in this book. It's all trolls and one elf like creature. The pages are fully drawn with lots of detail oriented grass and rocks which I don't particularly like to color over and over again. Needs more characters and less of the foliage and ground to color.

I love this book! The pages aren't the thickest but I use colored pencils and chalk pastels only. I have included a couple pictures for you to see how cute the designs are.

I love the pictures in this book! I am on disability and this gives me something nice and relaxing to do!

The pictures in this book are really nice and there are a lot pictures in the book. It is a great value for the money.
