Customer Reviews

Gregg puts things into perspective in a way that allows us to relate to each type of woman/situation. I've discovered that through my selflessness in relationships, I gave up my personal growth and was weighed down by many of the responsibilities and effort in different relationships over the years. I'm a strong and independent person, but my nurturing nature gravitated toward pleasing them rather than considering my own happiness. Not anymore!

Clear and entertained. Helps women to understand themselves become a high value woman set

goals and boundaries when it comes to dating. Love the daily task to improve yourself. I wish it had more about the professional women that struggle finding the right man which is my case, must C Level executive are already married and those available are quite reserved when it comes to dating women in same or higher professional position. Nonetheless this is a great book I highly recommend it!

Great book for any woman who's struggling to find the right man, but more importantly who's struggling to find herself. Be the strong and confident woman you want to be and know you can be!
