Bluewater writer CW Cooke has produced a variety of scripts featuring dynamic characters in rich, authentic settings. His new comic Prince Harry - a biography book from Bluewater Comics hits the stands soon. CW took time out of his busy schedule to talk to comicbookinterviews.com publisher John Michael Helmer about his career in comics and his current projects

This is a very cool collectors item for Gaga fans. Really unique and fun to look at. I love it! Paws up!

The comic didn't make very much sense plot-wise. When I ordered it, there wasn't an option to choose which cover I wanted and I received cover B, which I absolutely did not want, I would have rather gotten the purple one. I wouldn't really recommend this unless you want it for the sheer fact that you can say, I have a Lady GaGa comic. It was a big let down... Hmm

Ok so Yea the story line is so-so- Its about this dude who finds out about lady gaga and starts thinking about her 24-(Sounds like me lol) and he soon finds his inner little monster- As for the book itself it was printed of really good paper and any one who is a GaGa fan will love it but its really about a fan of her more than just being about her.

Thought the book would be larger somehow.

My friend loves Lady Gaga and I got this for her as a gift. It has a really strong backing and the story is great! Great Buy!

cool

I am a huge fan of these biography comic books. This one I really liked a lot - the art was very polished as well as the story telling. Telling these people's stories in this unique format is amazing! I would recommend the series of books!

It definitely wasn't what I thought it was going to be. It barely talked about Gaga....mostly about some guy who nobody really cares about and him fantasizing about Lady Gaga. Let me just say, I don't recommend it. Sorry.
