Soul Survivor

Synopsis

"There's nothing magical about murder...." Santeria markings. Hindu magick. Druidic runes. Japanese mysticism. The latest series of murders in Somerset has everyone confused, including the local police and the Medical Examiner's office. They seem to be the work of one killer, but each murder has a completely different, ritualized, M.O. Working alongside her boss, Dr. Slikowski, Jenna Blake is back on the research trail, trying to discover the identity of the killer. Unfortunately, Jenna is still grieving over the murder of her friend Melody, and is becoming distracted by her growing feelings for Somerset detective Danny Mariano. Jenna needs to do some serious soul-searching. Her mind isn't on the job. But if she doesn't start paying attention on and find the connection between these ritual murders, Jenna may not survive her first semester.

Christopher Golden is the award-winning, bestselling author of such novels as *Wildwood Road*, *The Boys Are Back in Town*, *Of Saints and Shadows*, and the *Body of Evidence* thriller series. He has cowritten a number of novels and comic books set in the worlds of the television series *Buffy the Vampire Slayer* and *Angel*. There are more than eight million copies of his books in print. He lives in Massachusetts with his family.

The third book in the Body of Evidence Series, SOUL SURVIVOR, proves that sequels can be as good, if not better, than the original! Jenna Blake is fighting to regain her balance at Somerset University. In only a few weeks, her world has been turned upside down: her best friend, Melody, was murdered; her father, a Professor, started dating; her half-brother, Pierce, was accused of murder; and her two good friends, roommate Yoshiko and Melody's brother, Hunter, have started going out. Her job with the M.E.'s office has been going well, but she still doesn't feel as if life is in perfect balance. She's feeling depressed, a little sorry for herself, and out of sorts. Then weird murders start happening in Somerset and the neighboring town with overtones of ancient Hindu and mythological sacrifices. Dr. Slikowski asks Jenna to accompany him to murder scene, where he's been asked for his opinion, and Jenna is thrilled to be in the inner circle. Thrilled, that is, until the cops on the case make her out to be an incompetent kid, someone to baby-sit the M.E., who's confined to a wheelchair. Dr. Slick puts them in their place, but Jenna is left with the feeling that as long as she's only eighteen, no one will take her seriously in this profession she's chosen to make her own. As the murders progress, Jenna starts doing her own research into the rituals that the killings seem to be based on, and comes up with some of her own conclusions: the murderer is probably a woman, she's probably dying, and she's probably trying to take over another human body. As Jenna works with Dr. Slikowski, M.E. employee Dyson, and Somerset detectives Audrey Gaines and Danny Mariano to figure out who is behind the murders, Jenna is once again put into a position where she's in danger. Add to that the fact that her crush on Detective Mariano is growing stronger while at the same time her feelings for fellow college student Damon are mixing themselves up, and Jenna's personal life is as tumultuous as her professional one. SOUL SURVIVOR is another winner in Christopher Golden's Body of Evidence Series. I can't wait to see what happens next in Jenna's life, especially if she's going to leave the M.E.'s office, as the ending of this book implies. A real winner! Still grieving over the murder of her best friend, Melody, Jenna Blake returns to work assisting her boss, Dr. Slikowski, in the Medical Examiner's Office. This time there's a new killer, who is performing strange, ritualistic murders on innocent people. Hindu magick, Japanese mysticism, etc. Jenna starts boning up on research about the strange rituals, and finds out some very weird information. But between school, work, and a new twist in the Jenna Blake, student at Somerset University, and Danny Mariano, detective for the Somerset PD, "romance," Jenna is finding it hard to focus. And if she doesn't begin focusing soon, she may not survive her first semester of college. I've never read a series whose sequels are just as good, if not better, than the first book. But Christopher Golden's A BODY OF EVIDENCE series has proved me wrong. Each book is better than the last. Filled with murder, intrigue, mystery, science, etc. Jenna Blake is an enjoyable character whom you are always rooting for, and you feel much the same about her friends. Fans of BODY BAGS and THIEF OF HEARTS have to read SOUL SURVIVOR. You will NOT be disappointed. Erika Sorocco
