# The Coherence Of Theism: Second Edition (Clarendon Library Of Logic And Philosophy)

## Synopsis

The Coherence of Theism investigates what it means, and whether it is coherent, to say that there is a God. Richard Swinburne concludes that despite philosophical objections, most traditional claims about God are coherent (that is, do not involve contradictions); and although some of the most important claims are coherent only if the words by which they are expressed are being used in analogical senses, this is the way in which theologians have usually claimed that they are being used. When the first edition of this book was published in 1977, it was the first book in the new 'analytic' tradition of philosophy of religion to discuss these issues. Since that time there have been very many books and discussions devoted to them, and this new, substantially rewritten, second edition takes account of these discussions and of new developments in philosophy generally over the past 40 years. These discussions have concerned how to analyse the claim that God is 'omnipotent', whether God can foreknow human free actions, whether God is everlasting or timeless, and what it is for God to be a 'necessary being'. On all these issues this new edition has new things to say.

## Book Information

Series: Clarendon Library of Logic and Philosophy

Paperback: 320 pages

Publisher: Oxford University Press; 2 Reprint edition (July 12, 2016)

Language: English

ISBN-10: 0198779704

ISBN-13: 978-0198779704

Product Dimensions: 8.4 x 0.8 x 5.3 inches

Shipping Weight: 12 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #1,079,612 in Books (See Top 100 in Books) #66 in [Books > Religion & Spirituality > Other Religions, Practices & Sacred Texts > Theism](#) #671 in [Books > Textbooks > Science & Mathematics > Biology & Life Sciences > Botany](#) #1830 in [Books > Science & Math > Biological Sciences > Botany](#)

## Customer Reviews

Richard Swinburne, University of Oxford  
Richard Swinburne has taught at many universities in the UK and in various foreign countries, and continues to give lectures abroad frequently since his retirement. From 1972 to 1984 he was Professor of Philosophy at the University of Keele, after

which he was Professor of Philosophy of Religion in the University of Oxford. He has written many books and papers on many areas of philosophy, especially philosophy of religion, and is a Fellow of the British Academy.

Good read.
