Remember when fedoras were not stigmatized? Remember when everyone wore denim blazers? Remember when wearing a "vintage" junk food t-shirt with pinstripe pants and a denim blazer and newsboy cap was considered work appropriate? Seventeen Magazine remembers.

this book is amazing! i would definitely recommend it to anyone who wants to know more on cute clothes. there just facts with pictures, but it tells you really useful stuff like what jean is good for curvy girls, how to dress up an lbd, and more! i have to admit the book is only as tall as my hand, but i LOVE it!

Product arrived as promised. Good condition.

It had a bit more wear and tear than expected with some bents.

Very nice

I have a budding expressionist on my hands, and I think I might borrow this book, too; not all the tips are just for tweens!

The styles in this book dated. Purchase as gift but our teen did not like it. We do not recommend
