The Spiderwick Chronicles (Boxed Set): The Field Guide; The Seeing Stone; Lucinda's Secret; The Ironwood Tree; The Wrath Of Mulgrath

Synopsis

It all started with a mysterious letter left at a tiny bookstore for authors Tony DiTerlizzi and Holly Black. Its closing lines: "We just want people to know about this. The stuff that has happened to us could happen to anyone." Little could they imagine the remarkable adventure that awaited them as they followed Jared, Simon, and Mallory Grace and a strange old book into a world filled with elves, goblins, dwarves, trolls, and a fantastical menagerie of other creatures. The oddest part is in entering that world, they didn't leave this one! Five captivating books! One thrilling adventure! The Spiderwick Chronicles

Great story! There were definite parallels between the fairy world that what was happening in the actual lives of the kid-protagonist. It got the kids into PJs and into bed. We also created some fan-fiction from the storyline.

Very short books, beautiful illustrations, the movie follows the books very closely,

Great series for 8+. My 9, almost 10 yr old is reading them now. Fantasy series about goblins and faeries.

bought this set for my grandpa he loves it

Kiddo is excited.

This is a great series to motivate young boys (and girls) to read. My seven year old son loves these books and continues to reread them. He is interested in anything mythical, fantastical or animal-related. The excitement of good overcoming evil forces doesn't disappoint. My nine year old daughter has read them as well. We originally checked out all the books from the public library and had to purchase them. The companion Field Guide reference book (not the same as book 1 of the series) is a hit as well.

Gift for great nephew

Bought this for my son for reading over the summer, he is 11 going into 6th grade. He read the whole series in a few days, he couldn't put it down and he's a really active athletic boy.
