Arrived quickly, smooth transaction, great instructions, nicely organized with all necessary crafts enclosed. Would definitely purchase from seller again. Highly recommended for girls in search of a small business opportunity or DIY gifts for friends and family.

My sister gave my daughter a knitting nancy and my daughter was having fun with it but we had no projects. This book solved that problem. We have made several bracelets together and they are really cute. They have been fun for both of us to make. My 9 year old daughter has made some and I have for myself, too. The instructions are clear and easy and the pictures are a great help - shows you exactly how everything is done. This was worth the purchase.

My daughter and I love this book. The instructions are very easy to follow, and the pictures in the book are great. The projects are easy and fun, and the resulting jewelry is very nice looking. There are enough beads and string to do lots of projects. The kit includes everything you will need to do the projects, except scissors. This book would be great for a younger child or a teenager.

A good price and good shipping time. An easy, simple and basic kit to learn the techniques of spool knitting jewelry. It gives you the basic tools to make jewelry and use those tools and lessons to advance to bigger and more elaborate projects. I liked it very much and would buy other kits in the same line...Kids or adults can use it!!

This is a well made kit. It is a little more complicated than I thought it was going to be. I am not sure if it will discourage my granddaughter from using it. It's one of her Christmas presents so time will tell.

I bought this for my daughter. She really enjoys making all types of bracelets and stuff. Lots of thread and ideas to keep her busy.

I like making the bracelets and I plan to use it to make Christmas gifts. It's an easy way to get nice

looking jewelry.

This was a gift. It was liked when received but don't know if any bracelets have been made.
