Age Range: 5 - 8 years

Grade Level: Kindergarten - 3

Customer Reviews

Grade 1-3-- Describing Columbus's first voyage, Krensky writes in the present tense and asks a number of questions, such as "What if the wind stops blowing?" to make readers aware of the reasons for the sailors' fears and of Columbus's courage in attempting the trip. He includes some facts about the crew and shipboard life. The writing is clear and objective, with no fictionalization. It is less choppy than many beginning readers, but is easy enough for the intended audience. Green's watercolor illustrations include maps showing the world of 1492 and that of today. Unfortunately some of the colors are poorly reproduced, so that the Indians and several of the Spaniards appear to have blue hair. Vicki Liestman's *Columbus Day* (Carolrhoda, 1991) contains more information about the reasons for the voyage and the Spaniards' treatment of the Indians. Krensky's book adds little that is new to the growing body of books about Columbus, but it is an acceptable purchase for collections in which there is a demand for easy biographies. --Jean H. Zimmerman, Willett School,

South River, NJ Copyright 1991 Reed Business Information, Inc.

Enlivened by attractive full-color artwork, including maps and a cutaway view of the ship, the straightforward account is a good choice at this reading level."--Booklist.Ã Â Ã Â

This is a wonderful introduction to the story of Christopher Columbus! The text is interesting, yet easily understood and the illustrations are wonderful. I used it with my elementary school students for many years..and am now sharing it with my granddaughters. I bought this edition to give to my daughter-in-law who is also a teacher.

My kids and I really enjoyed this book. Helped me learn more about Christopher Columbus that I didn't remember from school. I purchased it to help my kids prepare for presentations they had to do for our homeschool co-op and it helped us out a lot! Loved all the pictures!

Great series; My kids loved it.

I'm a special education teacher and have used this book for twenty years. It's a non fiction book that is easy to read for a struggling reader who is older but needs a book that doesn't feel like a "baby book."

Very pleased with the book and the service

Quality product; easy transaction; prompt delivery; highly recommend!!

1st or 2nd graders -- this is good for a biography book report. Surprisingly good illustrations -- this covers Columbus's first voyage.

I can't wait to read this book to my class this year. I would order from this company again.
