The Rebirth Of The Romanian Wine

Synopsis

The Grapes of Hope Romanian wine is being reinvented under the watchful eye of local and foreign investors. Much like a student who failed the subject for a century, Romania now rehearses the components of an equation which proved to be successful in the interwar period: favorable natural conditions + solid investment + legislative support + Western technology & knowhow = good wine. Author Catalin Gruia is a veteran journalist who has written and reported for over 10 years for the Romanian edition of National Geographic.
